Non-profit Arts and Educational Outreach

www.artreachonline.org

It is the mission of ARTreach to bring art-related programs and services to underserved communities, including children at risk in the school districts, troubled youth, children and adults with special needs, and the elderly

ARTreach is offering financial assistance and discounts for programs and/or artists listed on our roster to help schools, agencies, libraries and community organizations with limited funds and serving our targeted populations. ARTreach will help directly sponsor requested programs in schools and community organizations that serve children at risk, special needs groups, or the elderly.

ARTreach funds are limited and priority is given to campuses demonstrating the highest need and community groups that can commit to making a financial contribution for requested program(s). Priority is given to venues offering support and assistance in the evaluation processes associated with ARTreach programs serving neglected populations.

The assistance applies to ARTreach roster programs. Please contact us for details. A complete program list is available online at www.artreachonline.org. ARTreach is part of the Texas Commission on the Arts Texas Touring Roster. Support may be available to assist in the funding through the Arts Respond Performance Support grant program. TCA provides support to Texas schools, libraries and nonprofit organizations for ARTreach Programs. These applications are funded based on a sliding scale ranging from 30- 50% grants supporting contracted fees. Contact 512/463/-5535
